## Alpine Coaster Imst

3,5 km action and fun!

Exactly 3,535m pure excitement awaits those who take the Alpine Coaster Imst down into the valley. That makes the Alpine roller coaster on rails not only the longest of its kind, but the curves, waves and jumps make sure that this nine-minute long ride is a breathtaking adventure for the entire family. The 2017 newly installed spinnings with 450° in the lower part of the track increases the fun factor.

### Breathtaking adventure for the entire family

Young coaster pilots are allowed to ...

- > Ride accompanied by an adult from **age 3**
- > Ride alone from **age 8** (at least 1,25m tall)
- > Take a passenger along from **age 14**

The next attraction awaits you close to the exit of the Alpine Coaster. Little hearts will beat even faster at the Outdoor Zone with its many highlights.
